Hi Tala,

I thought this went to you, but can't find it in my out box. Toni had the attached comments on the management plan, and the new chemicals folks had a couple minor edits to the table that I got today and added to Toni's comments. Passing along in case you need to forward up the chain. Let us know if you need anything else. Thanks.

Sheila

Subject: FW: CORRECTED ATTACHMENT - PRELIMINARY DRAFT PFAS MANAGEMENT PLAN

Hi Sheila,

I received a copy of the *PFAS Management Plan* (see attached) as a FYI from Hans this morning. Charlotte was on the October 12 email list that received the document from Peter. Tala received a copy on October 16. Comments are due to Peter by today.

My edits and comments are attached in case Tala/Charlotte ask for our review of the document.

There's also one section in the table toward the end of the table that needs a review from New Chemicals:

Ex. 5 Deliberative Process (DP)

Thanks,

Toni Krasnic

FYI. I wanted to ensure the PFAS Network folks saw the email Peter shared with the PFAS Coordinating Committee regarding the PFAS Management Plan. Apologies for anyone receiving this multiple times.

Thanks!

Hannah

Subject: Preliminary draft PFAS management plan

Please see attached to this message a preliminary draft of the PFAS management plan, which has been developed in consultation with EPA's PFAS coordinating committee, based on input received during the national PFAS leadership summit, the community engagement sessions and roundtables, the Tribal engagement in R10 and in consideration of the 118,000 comments submitted to EPA's docket. We welcome input you and your program staff can provide to strengthen this draft. You will also note that we also need to fill in additional details for Appendix A, which lists highlighted PFAS-related actions across the Agency. In addition to providing your feedback on the content and description of activities in the body of the document, we would be most grateful if you and your staff would also the list of activities in Appendix A, and add noteworthy projects from your AA-ship or Region to ensure this list

reflects the important PFAS-related work going on across the Agency. In particular, we would like to include at least one or two key actions from each EPA Region.

The work described in this preliminary draft reflects a tremendous amount of outstanding work that is taking place across the Agency, and in partnership with the other federal agencies, the states and tribes, and local communities. While the short descriptions of activities cannot do justice to the scope and importance of these efforts, the goal is to ensure that the draft management plan conveys the strategic choices the Agency is making to balance the need for near-term action with the need to be deliberate in carefully considering the appropriate next steps to protect human health and the environment. Thanks again to all for your excellent work and collaboration on this effort!

Please provide your office/region's consolidated comments to Hannah Holsinger with a cc to me no later than Thursday, October 18. For your reference, I have also attached a schedule that outlines next steps for development of the PFAS management plan.

PFAS National Management Plan: Draft Timeline

Date	Activity
Week of October 1 st	Finalize management plan outline Draft preliminary management Plan Early engagement with program offices
Week of October 8 th	Draft management plan Begin 1-Week EPA program and regional input/review
Week of October 15 th	Draft communications materials Brief AAW with programs and regions Early engagement with OMB/White house
Week of October 22 nd	2-day Revise PFAS management plan 3-day Program and regional management review
Week of October 29 th	AO 1-week review
Week of November 5 th	Revise draft management plan based on AO feedback Brief OMB staff and provide management plan and communications materials for review
Week of November 12 th	OMB review
Week of November 19 th	OMB engagement
Week of November 26 th	Finalize management plan Finalize communications materials Release management plan
